Minutes of Meeting

Master of Computer Science

Date: **April 7, 2025, Monday.**
Time: **1:00pm to 2:00pm.**
Location: **University of Adelaide SET NT Ingkarni Wardli 4.63.**
Supervisor(s):   **Prof Hussain Ahmad.**
Students Name: **Subin Pulliyil Santhosh.**

---

1. Agenda

- Introduction.

- Identify application domains for the project.

- Datasets and tools for project development.

---

2. Discussion

Item 1: Literature Review and Experimental Analysis.

Discussion Summary:
Talked about structuring the project into two sections: Literature Review and Experimental Analysis.

Action Items:

- **Subin:** Prepare literature review and experimental analysis outline.

- **Prof Hussain Ahmad:** Review outline once submitted.

Item 2: **Domain Selection**

Discussion Summary:
Discussed various possible domains including cybersecurity, healthcare, software engineering, finance and education

Action Items:

- **Subin**: Choose one domain for the project.

- **Prof Hussain Ahmad**: Approve the selected domain.

3. Progress Update

Update 1: First meeting. No prior updates.

4. Feedback from Supervisor

- Focus on selecting a domain early to start with the project.

5. Next Steps

Actions to be completed before the next meeting:

- Choose the domain and path for the project.

- Search for research papers, datasets and evaluation matrices.

Next Meeting:

Date and Time:	April 15, 2025, Tuesday from 2:00pm to 3:00pm
Location:	Ingkarni Wardli Building SET NT 5.55
